Live Horoscope – life coaching live and direct, 24 hours per day!

Within the scope of our live horoscope service, 60 state-qualified astrologists and fortune-tellers compile horoscopes, place various card sequences, oscillate or conduct professional life coaching services. They are there for callers 24 hours per day, seven days a week.

Callers dial up the service via a 09003 number (€ 1.99/Min.) and are greeted by the call centre. Here they are asked after their preferences and desires by friendly and sensitive operators, so that they can be conveyed according to interest to astrologists, fortune-tellers or oscillators. Our co-operation partner is a member of the Association of German Astrologists.

Yearly horoscope: Astrofon – Life coaching on tape...

On the Astrofon, callers bring more energy and success into their lives with the aid of the mysterious language of the stars! Spoken and updated by a well-known female astrologer, there is information on topics such as love, career or health.

Callers reach the service via a dedicated number allocated to their star signs and are greeted with the appropriate horoscope symbol. Via the keypad (DTMF) or using voice activation, they can select whether they wish to hear their personal daily or yearly horoscope and finally their detailed quarterly horoscope.

Tarot Service / Angel Tarot

The Tarot Service and Angel Tarot are among the longest-running services in the entertainment team. Tarot is both a model for living, used for guidance, and an instrument for working through everyday issues, big or small. Tarot helps people who are willing to lay their colourful cards on the table, take the resulting tasks in hand and thus bring about a change for their own good.

In the service, callers are expected to select their three fate cards via voice activation following a brief Tarot introduction by the well-known astrologist Maria Szabo. The meanings of the cards, as well as their interaction, is then explained.
